GENERAL TELEGRAMS.

Funeral of Ex-Vice President Colfax--General Grant Expected to Attend the Funeral Obsequies.

Interesting Notes From the Capital of the Nation--State Legislatures, Etc.

COLFAX'S FUNERAL.

Arrival and Departure of the Remains at Chicago--His Funeral--General Grant, It Is Reported, Will Attend.

CHICAGO, Jan. 14.--The remains of Schuyler Colfax arrived at Chicago at 7:15 this evening in a special car attached to the regular passenger train of the Northwestern Railway. The car was appropriately draped, and on each side the inscription, "The Nation Mourns." In waiting at the depot were twenty-five of the most prominent residents of South Bend, including six distinguished Odd Fellows, who, with the delegation from the lodge at Mankato, form the escort to the ex-Vice President's late home. A hundred members of the National Veteran Club and Union Veteran Society, with 150 citizens, including the representatives of the various local lodges of Odd Fellows, made a line from the train to the house. The distance to the Lake Shore Depot was traversed in a heavy snow storm. The train departed at 8:15, and shortly afterward the procession reformed and marched to the business portion of the city, where the ranks were broken. It is stated here to-night that General Grant is expected to attend the final obsequies at South Bend, and that a special train has been placed at his disposal for the purpose. The funeral of Schuyler Colfax will be held in this city at the Reform Church, on Saturday at 1 p. m. The body will be escorted by a deputation of Odd Fellows from Mankato, and Odd Fellows and other citizens of South Bend will arrive here from Chicago at 11 to-night. The Order of Odd Fellows have charge of the funeral.

NATIONAL NOTES.

Another Chinese Admission Circular--Extension of Cash Payments--Swain Court Martial--River and Harbor Appropriations.

WASHINGTON, Jan. 14.--The Secretary of the Treasury has issued a circular to customs officers restating and modifying for their information the existing regulations relating to the admission into the United States of Chinese persons, other than laborers, so as to be in accordance with the recent decision of the Supreme Court in the case of Chew Haung, plaintiff, in error to the United States.

Senator Van Wyck has been in consultation with the Indian Bureau to obtain an extension of time for the payment of the annual installment of the purchase money due from settlers on the land of the Ojibwa and Omaha Indians, in Nebraska and Kansas. The extension is rendered necessary by the low price of grain and the great loss which settlers experienced from the ravages of hog cholera.

As a result of the conference, Senator Van Wyck introduced a bill authorizing an extension of the time of payment within the discretion of the Secretary. Ex-Senator Windom was the first witness in the Swain case to-day. He testified that he had a vague recollection of having conducted the general examination of the subject of copper mining stock, but did not think he told General Swain in that conversation that the stock was not worth anything. This question was asked in rebuttal of the statement by General Swain in his examination, that the copper stock transaction fell through after a conversation he had with Windom, in which he (Swain) got the impression that the company was a wild cat speculation and the stock worthless. Bateman was recalled, and the counsel for the prosecution sought to get from witness a statement of the circumstances under which Dealers left his employment, but on objection of the defense the Court refused to allow the statement to be made. On cross examination of the witness General Grosvenor asked if it was not true that he had employed as his attorney Mr. Ochsner, who is acting as associate counsel for the Government. The Judge Advocate objected and pending the consideration of the objection the Court adjourned.

The Committee on Rivers and Harbors has nearly completed its bill. No appropriation will be made for Hell Gate, N. Y., the committee taking the ground that all the money asked for last year for completing the work at that point was appropriated. The appropriation for the Mississippi River is as follows: For reservoirs at the head waters, \$35,000; survey of the entire river, \$75,000; removing snags, \$50,000; snags boats, \$50,000; river from St. Paul to Des Moines Rapids, \$200,000; from Des Moines Rapids to the mouth of the Illinois River, \$200,000; from the Illinois River to Cairo, \$400,000; below Cairo, \$350,000 for the entire river, with exception the Falls at Louisville, for which an appropriation of \$125,000 is made. Charleston, S. C. Harbor, \$150,000; Mobile Harbor, \$125,000; Sabine Pass, Tex., \$125,000; Cleveland, O., Harbor, \$100,000; Humboldt Bay, Cal., \$100,000; Great Kanawha, \$175,000; Cumberland River, \$100,000; Kentucky River, \$200,000; Hay Lake Channel, Mich., \$125,000; Illinois River, \$100,000; the Canal at Casco Bay, Me., \$125,000; the Canal at Baltimore Harbor, \$75,000.

The committee decided to report the item of providing an appropriation of \$350,000 for the Hennepin Canal, with a proviso that the work be begun as soon as possible. The committee will consider the proposed appropriation for Galveston Harbor to-morrow.

A Lively School Board Meeting.

JERSEY CITY, Jan. 14.--At a meeting of the school board to-night, Director Boyd said: "Gentlemen, there's no use of our trying to transact business when our Chairman will stand up and lie in the most bare-

faced manner. The printing bills all bear my signature, and Mr. Laird lies when he says they don't. He knows it, too. There is only one thing for us to do, and that is to get out and get our lying President run the department himself. I for one propose to leave this meeting." As soon as he spoke he gathered up his hat and coat and strode towards the door, followed by three other directors. Several of those remaining begged them to return as there was important business to be transacted, but Director Boyd declared he would stand anything but wilful lies, and with his three friends left the room. This left the board without a quorum, and an adjournment became necessary.

STATE LEGISLATURES.

West Virginia Legislature Organized.

WHEELING, Jan. 14.--The West Virginia Legislature met to-day at noon. George E. Price, of Mineral County, was elected President, and John D. Alderson, Nichols County, Clerk of the Senate; R. F. Dennis, of Greenbrier County, Speaker, and J. B. Peyton, of Cabell County, Clerk of the House.

WISCONSIN LEGISLATURE MEETS. MADISON, Jan. 14.--The thirty-seventh session of the Wisconsin Legislature convened at noon to-day. The Senate was called to order by Lieutenant Governor Samuel F. Fildes, Edward S. Minor, of Deer County, was elected President pro tem. The Assembly elected Carr H. Fairchild, of Marinette, Speaker. The United States Senatorial contest has quieted down, and now all concede the election of Colonel J. C. Spooner, of Hudson.

JONES RE-ELECTED FROM NEVADA. VIRGINIA, Nev., Jan. 14.--In the Senate Jones received thirteen votes, Keating five. Two Republicans were absent. In the Assembly Jones had thirty-two and Keating eight.

HAINES HOLDS ON TO THE SPEAKERSHIP. SPRINGFIELD, Ill., Jan. 14.--After another day's fruitless effort on the part of the Democrats to oust Mr. Haines from the temporary Speakership and proceed to a permanent organization, the House adjourned till to-morrow afternoon.

GENERAL FOREIGN NEWS.

What Henry George Says About the Crofters of Skye.

LONDON, Jan. 14.--Henry George, in an interview to-day, said that during his last visit to Scotland he was struck with the growth of many feeling among the crofters, who, he says, are rapidly shaking off their slavishness engendered by long oppression. At a meeting held during a former visit he found only two persons in favor of land restoration, while at a meeting this time the whole of the crofters were in favor of the measure. Mr. George advocates the suspension of the laws for the collection of rents and the preservation of game. The crofters, he believes, should have preference in the distribution of charities until better measures of relief have been adopted. He is convinced that the extension of the franchise is forcing the land question more prominently into practical politics.

Ferry Makes a Sensational Speech.

PARIS, Jan. 14.--Ferry, in reply to Duval's question in the Chamber of Deputies, said he was acting in accordance with the vote of the Chambers of November 27. The Government had decided on an immediate and complete occupation of Tonquin as the only means to settle the difficulty with China. General Camponen, until recently Minister of War, although he disapproved of sending further reinforcements to the far East, never expressed uneasiness at the military situation in that quarter. [Applause.] General Sewal, the new Minister of War, in speaking on the military situation, declared he was a soldier and had no desire to interfere in politics. He praised General Camponen's devotion to France, and said he would strive to imitate it. He denied the present operations in Tonquin would endanger the mobilization of the army in France, should the occasion ever arise. He said it would never be endangered as long as he should remain Minister of War. It was after the remarks that the Chamber adjourned the order by 291 to 334. After this the Chamber adjourned until January 27.

Australians Agitated Over German Annexation.

LONDON, Jan. 14.--Advisers from Melbourne state that the popular opinion in Australia continues greatly agitated in view of the recent German annexations in New Guinea and adjacent islands. Mass-meetings to protest against foreign annexation in the Pacific are an every-day occurrence there, and Borough Councils likewise take occasion to record their protests, and the press of the country, without a dissenting voice, are engaged day after day in vigorous and emphatic denunciations of all foreign attempts to gain a foothold in Australia. It is certain the Australians are thoroughly aroused against the present policy of the British Colonial Office.

To Compete With American Petroleum.

LONDON, Jan. 14.--The Black Sea Steam Navigation Company has given orders for the building of a fleet of steamers to Sweden and England, each steamer to be fitted with petroleum tanks and have a capacity of 1,500 tons a trip. The design is to compete with the American petroleum trade. Trodel, a Russian contractor, is preparing to send oil in bulk to London from Liban, on the Baltic, next spring.

Cernowitz Greek Cathedral in Danger.

VIENNA, Jan. 14.--A dispatch from Cernowitz, Austria, states that a series of land slips are occurring on the hill behind the Greek Cathedral of that town. The buildings adjacent to the cathedral have been buried, and the cathedral itself, which cost \$50,000, is in great danger.

Discrimination Against American Cereals.

BERLIN, Jan. 14.--During the discussion in the Reichstag to-day on the proposed increase in the duties upon imports of cereals, Bismarck stated that the government would require, in order to meet the demand of the farmers, that the duty upon wheat be in-

creased to treble the present rate, and upon rye double the price now paid, excepting Russia, which could not be included in the advance on account of the treaty existing between Germany and Russia regulating the customs duties on imports from that country.

The Sahara Sea Projector Dead--Rumor of Louise Michel's Release.

PARIS, Jan. 14.--Francoise Roudaire, the French hydrographer, is dead. He was the originator of the project to create a sea in the Sahara Desert by cutting canals through the low sand hills which separate the desert from the Mediterranean Sea. He was forty-eight years of age, and was an officer of the Legion of Honor.

It is rumored that Louise Michel has been released and is now either in Brussels or London.

Laugh at the Temps Story.

LONDON, Jan. 14.--English officials laugh at the story published to-day in the Temps of Paris, to the effect that El Mahdi had accepted the terms of the compromise offered by General Wolsley, and that the expedition for the relief of General Gordon would be unopposed in its march to Khartoum.

Foreign Notes.

A Cairo correspondent says the Mahdi has accepted the conditions proposed by General Wolsley.

Queen Victoria and Princess Beatrice will go to Germany in March, and they will remain on the continent three weeks.

The Berlin Geographical Society is preparing to send out an expedition on the left bank of the Congo River. The expedition starts in July next.

It is reported from London that the Cabinet will not consider the question of the removal of the repression crimes act for Ireland for several months.

The North German Gazette says many retired army officers have gone to China to instruct the Chinese army in European tactics. The Government is powerless to prevent this. It however prohibits the officers of the army reserve from going.

A Statement Denied in Toledo.

TOLEDO, Jan. 14.--A statement having been made that the Ohio Central Coal Company, the Sanday Creek Coal Company and W. P. Rend had decided to demand a reduction in mining to fifty cents per ton, to enable them to compete with other Hocking Valley coal, mined at the same price, Mr. Rend declares the same to be incorrect. A meeting was held in this city on Tuesday last, and simply decided to appoint a committee to confer with the President of the Ohio State Miners' Association in Hocking Valley and Central Ohio with a view of securing such assistance from the miners at their mines as would enable them to hold their trade against the aggressive competition of the operators who have established a much lower cost of production by the employment of imported contract laborers. Our friends' assistance was requested and a meeting was called on common interests invited, and no demand leading to a strike is desired or contemplated.

Bold Highway Robbery.

SPECIAL TO THE SENTINEL. SHELBYVILLE, Ind., Jan. 14.--Three men halted the stage of the Pease George F. Walker and his wife, Mary, about a mile west of town, last night, as they were going home, and Mr. Walker robbed of his pocketbook, containing only a few cents in change. He had come to town to draw \$800 pension money for Mrs. Farley, whose guardian he is, but did not get it, and it is supposed that the highwayman knew his purpose and expected to make a good haul. Mr. Walker was allowed to go on after his pocketbook was taken, and this morning found the papers, which formed the greatest part of its contents, lying in the road where he had been robbed.

Too Ill to Be Present.

PEORIA, Jan. 14.--Representative Downs, who came home during the recent recess in the State Legislature, was taken ill and is now confined to his room with neuralgia. Two physicians are attending him. To-day a telegram was received from Senator Bell saying it was imperative that Downs go to Springfield immediately. The physicians held a consultation and decided that Downs could not be moved without endangering his life, and refused to let him go.

Will Be Cremated.

LANCASTER, Pa., Jan. 14.--The fourth cremation takes place at Lancaster Crematory to-morrow, when the body of Major Charles B. Brady, of St. Louis, who committed suicide at his home in that city on Friday night last, will be incinerated. The body will arrive here in the morning and will be taken in charge by the Lancaster Lodge of Masons.

Brewster's Funeral--Preliminary Trial.

NEW ORLEANS, Jan. 14.--The Criminal and District Courts adjourned to-day in respect to the funeral of Ex-Sheriff Brewster. The procession extended fifteen squares. The preliminary trial of Osmond and Reneke, charged with killing Brewster, will take place on Saturday.

Seriously Hurt by a Runaway.

TOLEDO, Jan. 14.--Matthew Brown, for many years a prominent grain merchant here, and at present a director of the Second National Bank, was run over by a runaway team to-day, and received injuries which are supposed to be fatal, though he is yet alive. He is about eighty years old.

Obituary.

Big Springs, Tex., Jan. 14.--The Earl of Arlesford died at the Cosmopolitan Hotel last night from inflammation of the bowels. The remains will be sent to England. He was one of the largest land owners of Texas.

Resumption of Work.

LYNCHBURG, Va., Jan. 14.--Four large tobacco factories here began work to-day. A number of others are preparing to start. These factories employ more than 2,000 colored laborers.

Business Failure.

SPECIAL TO THE SENTINEL. DELPHI, Ind., Jan. 14.--Rosenthal Brothers, merchant clothiers, failed here to-day. Liabilities, \$8,000.

SPRINGER'S COMMITTEE

It Has Developed Some Startling Facts--The Railroad Strikers at Fort Wayne.

McBride Gives a Running History of the Hocking Valley Miners' Strike.

THE DEPUTY MARSHAL FRAUD.

The Testimony Only Cumulative of Matter Already in Evidence.

CINCINNATI, O., Jan. 14.--The Springer Investigating Committee is proceeding more rapidly, with a view to close Mr. Follett's side of the case to-day.

Mr. Wald testified to an unusual number of colored voters in the Eighteenth Ward, and said, when he protested against receiving two votes, the Deputy Marshals surrounded him with pistols pointing at his head.

Policeman John Kelly saw Deputy Marshal Westphal strike a man on the head with a club when the man was under arrest, and between two Deputy Marshals. Witness arrested Westphal, and the Deputy Marshals tried to rescue Westphal, but did not succeed.

F. D. Urnston, attorney at law, testified he was boarding at the Walnut Street House at the time of election, and saw a number of strange men, who occupied two rooms there. They gave out they were Pinkerton's detectives, sent here to prevent repeating, but to him one registered as John O'York, of Little Rock, Ark. He confessed he was John Wilson, commission merchant, of Chicago. They all wore United States Deputy Marshals' badges on the day of election. On the night after the election O'York told him he had voted three times, and another said he had voted eight times.

To a member of the committee witness said he did not offer to arrest these men because they were drunk and quarrelsome, and besides they were just about to leave on the omnibus. He said that Blackburn (Urmonston) had been employed by the Republican National Committee to defend Republicans arrested on election day. Blackburn had attended to these cases, he being a Republican.

On cross examination, he said all these cases had been dismissed by the Democratic Police Judge. I suppose these men told him of their illegal voting, because they regarded him as a Republican, being a partner of Blackburn, a well known Republican.

The remaining testimony during the day was hurriedly taken, and was mainly additional accounts of matter already in evidence. Matthew Butler said that, having overheard a colored man ask for Mr. Butterworth on election day, who said he wanted pay for eighteen men he had on a flat-boat. Objection was made to this on the ground that he was in no way connected with Marshal Wright. The committee ruled it out. Mr. Follett has permission to examine one or two more witnesses after the defense begins.

RAILROAD STRIKERS.

The Double-Header Freight Trains.

FORT WAYNE, Ind., Jan. 14.--The situation of the striking brakemen of the Pittsburgh, Fort Wayne and Chicago Railroad, against the system of running two trains of freight in one train with two locomotives and one crew, styled the "double-header" system, is unchanged. The yards are blocked with freight trains, which the officials are unable to move. At noon, Superintendent C. D. Law himself unsnipped and turned a switch to allow a freight train to pull out. The strikers immediately replaced and resnipped the switch, and would not allow the train to leave.

PITTSBURGH, Jan. 14.--The troubles arising on the western division of the Pittsburgh, Fort Wayne and Chicago Railroad, over the running of eight double-header freight trains has not as yet extended to the eastern division, and so far as this end of the road is concerned everything is quiet. A prominent official of the road stated to-day that the double-header system had been open between Alliance, O., and Fort Wayne for several weeks, and that between Pittsburgh and Alliance large engines, which are equivalent to two small engines, had been running for some time without trouble. He also said the question of reducing expenses was considered at a late meeting of the stockholders, and the double-header plan adopted. By this system, said he, few men are discharged, while those retained are continued at the old wages.

The Strikers and Officers Both Firm.

FORT WAYNE, Ind., Jan. 14.--The strike of the Pittsburgh, Fort Wayne and Chicago Railroad brakemen, which was inaugurated Tuesday, still continues, the strikers being reinforced to some extent by the arrival of the brakemen who were on the road when the strike began. Superintendent Law arrived in the city from Pittsburgh to-day, and the strikers laid their grievances before him at noon. No action, however, was taken, and several attempts were made to send out trains, but they were frustrated by the strikers. A stock train, consisting of thirty-five cars of live stock, arrived from the west this morning and was stopped by the strikers, who would not allow it to move until permission was granted by their committee to transfer the train to the Wabash Road, which was done, and the train went east from here over that road. About 4 p. m. Superintendent Law, together with minor officials of the company, with a supply of links and pins, took a shifting engine and ran it to the Grand Rapids junction, a mile from the city, where the two freight trains were stopped yesterday by the strikers, and where they still stand, and attempted to recouple the train. Notwithstanding that the police force was present a body of strikers followed upon another shifting engine which they had captured, and upon arriving at the junction coupled the two shifting engines together, compelled the officials to dismount, and after securing the links and pins carried but by the officials, brought both engines back to the city. Leaving the

officials to walk back. No violence was used upon either side, and no arrests were made. The outcome of the strike can not be predicted. The strikers appear quiet and orderly, but as determined as yesterday, while the railroad officials show no signs of relenting.

THE HOCKING VALLEY.

John McBride Denies the Destruction of Property and Loss of Life Caused by the Strikers.

COLUMBUS, O., Jan. 4.--Reports from the Hocking Valley this evening are that everything is quiet, though there is a general feeling of fear that trouble may occur at any moment. Governor Hoadly has sent Assistant Adjutant General Dill and Mine Inspector Bancroft into the Valley to make an investigation and report to him the true situation. They are now making a tour of the mining towns. A number of the striking miners who have been seen, claim they have received no notice to join the military companies, such as was posted at Shawnee last evening. Weedy, of the Hocking Company, offered a bill in the lower branch of the Legislature this afternoon, making it a penal offense to intimidate any person who enters the employ of others engaged in a legal business. The bill was referred. It specially alleged intimidation of foreign labor in the Hocking Valley. The afternoon was taken up in the discussion of a motion to reject the bill as an insult to the organized labor of the country. The Hocking Valley situation was discussed at great length pending the motion, among the speakers being John McBride, President of the Ohio Miners' Union, and also a member of the Legislature. He gave a running history of the strike and defended the Union, denying the charges that the organization was responsible for the destruction of life and property in the valley. The bill was admitted by a vote of 32 to 18, and will go through the regular course.

A Delegation from Michigan Visit President-Elect Cleveland.

BUFFALO, Jan. 14.--President-elect Cleveland was called upon by a delegation of Michigan gentlemen at his hotel, and spent a pleasant hour with them. D. M. Dickinson, a member of the National Committee, expressed on behalf of the delegation the great pleasure it felt in meeting Cleveland. He assured the President-elect that he only voiced the sentiments of the Democracy of Michigan, when he said his election was something for which the party had reason to feel proud. He informed Cleveland that the delegation had been instructed the work of conveying to him the hearty congratulations of the Michigan Democracy upon his triumphant victory. Dickinson then presented each member of the delegation to the President-elect. Cleveland expressed himself much pleased to meet so many of Michigan's prominent citizens. The party left for Detroit this evening. The President-elect in the evening assisted at the dedication of the new armory. To-morrow evening he will attend the Press Club ball.

The South Bend Rioters.

SOUTH BEND, Ind., Jan. 14.--There were no new developments in the strike in this city to-day, though a fresh outbreak is not unexpected at any time. The jail and the Oliver works have been under military guard since the riot of yesterday. A squad of thirty veterans from Elkhart came in last evening on a special train to assist in resisting any assault. All those who were wounded yesterday are still alive. The damage to property can not be accurately known now. Some eight of the fifteen rioters arrested were found guilty by Judge Chestnutwood and bound over to the Circuit Court in the sum of \$100 each.

CONDENSED TELEGRAMS.

The factory at Norfolk, Va., of the Knitting and Cotton Manufacturing Company, closed for four months, resumes to-day.

Lieutenant Garlington has preferred charges against General Hazen for conduct unbecoming an officer and a gentleman.

The whisky market at Cincinnati was unsettled yesterday and none was sold. Dealers attribute the flurry to large receipts from Peoria.

Captain Phelan's condition yesterday was reported as steadily improving. His wife and daughter visited him at the hospital yesterday.

The charges preferred against General McKee by General Hazen have been returned to the latter's office and no official notice will be taken of them.

The Pennsylvania Senate yesterday adopted a resolution requesting Congressmen from that State to use their influence to make trade dollars legal tender.

At Franklin Falls, N. H., the bridge over Iron Brook, on the Northern Railroad, was carried away by the ice jam. Freight trains are held and passengers are transferred.

INDICATIONS.

WASHINGTON, Jan. 15. For Tennessee and the Ohio Valley--Cloudy weather, generally warmer, easterly winds, shifting to southerly and falling barometer.

For Upper Lake Region--Cloudy weather, local snows, variable winds, and generally higher temperature.

Trade Retaliation.

[New York Evening Post.] We impose a duty of 45 per cent. on the steel rods from which barb-wire fences are made, and which are produced in Germany at lower rates than in England. We tax the toys of children and the apparatus of philosophers impartially 25 per cent. ad valorem, and the books of both 25 per cent. We tax German and French sugar 70 per cent. We tax the work of German and French artists 30 per cent. We "got even" with both Germany and France long before they began.

A VERY expensive grade of handkerchiefs is of silk India mull in cream-white tint, and has bordering of duchess, ecru, New-por or Brussels net, or the new hand-made Mexican lace.
